Request for Proposals

The Kansas Department of Social and Rehabilitation Services is accepting applications for grants under the Child Care and Development Fund for quality child care-related activities. Grant component areas include: (1) start-up or expansion of child care centers by agencies or by private employers; (2) special project involving public-private partnerships; (3) professional development initiatives; and (4) local advisory group. The Request for Proposals (RFP) and application forms are available on the Internet at www.srskansas.org under the "Publications" heading.

Eligible applicants must be public or nonprofit child care centers or agencies, or private employers seeking to establish child care for employees. Applications for the grants have varying deadlines for submission, specified for each of the above four components. Grants are made from federal funds awarded to Kansas under the 1996 Personal Responsibility and Work Opportunity Reconciliation Act, which created the Child Care and Development Fund.

Applications will be initially screened for completeness and conformity to RFP instructions. Review will be done by a panel of reviewers. Final approval of all recommendations for funding will be made by the secretary of SRS. It is anticipated that notification will be given to successful and unsuccessful applicants 60-90 days after the deadline for submission.

State of Kansas**Social and Rehabilitation Services****Request for Comments**

K.A.R. 30-10-214 provides for the annual determination of ICF/MR cost center limits, approved and reviewed by the secretary of SRS or designee, based on cost information supplied by the licensed providers and a formula set forth in the Kansas State Medicaid Plan (attachment 4.19-D, Part II, Subpart 0, page 1). The following proposed ICF/MR cost center limits are being set forth for public comment. Comments should be sent to Cynthia Capellari, Community Supports and Services, 5th Floor North, Docking State Office Building, 915 S.W. Harrison, Topeka, 66612-1570. The comment period will expire 30 days from the publication of this notice.

The formula is as follows: Total allowable costs, including an inflation factor, are compared to the amount to be reimbursed under the current limits. The required threshold is: 75 percent of all ICF/MR facilities are reimbursed 95 percent of their allowable costs. If less than 75 percent of the facilities are reimbursed 95 percent of their allowable costs, then cost limits are adjusted upward until the threshold is met. The inflation factor is 2.5 percent.

To determine where to make the adjustment, the two major cost centers are analyzed according to the following prescription:

- Administrative costs are based on facility size.
- Habilitation costs are based on facility size *and* level of care.

The cost analysis for 2001 cost center limits revealed that 68 percent of ICF/MR facilities were reimbursed 95 percent of their costs. An adjustment was required. To determine where the adjustment should be, each group of ICFs/MR were reviewed, according to the above prescription.

Cost Analysis

The A-size facilities are the largest (16+ beds) and the fewest (two) in number. Their total allowable costs exceeded the threshold: 100.83 percent and 96.52 percent.

There are eight B-size, or medium, facilities (9-16 beds). The configuration of this group makes it difficult to address the discrepancies in the cost reimbursement of their two cost centers. As a group, they had an *average* 93.36 percent cost reimbursement for administration, even though four, or half, of these facilities had 99 percent or better reimbursement. The high cost and low reimbursement of three facilities, owned by the same corporate entity, lowered the average of the group. The habilitation costs were compared according to level of care. This B-size group has four levels of care: Four Level 1 facilities; one Level 2 facility; one Level 3 facility; and two Level 4 facilities. The comparison groups were considered too small to yield meaningful information on which to base an increase in cost limits.

The C-size facilities are the smallest in size (4-8 beds) and the most numerous (24). Twenty of these facilities are Level 1. As a group, their administrative costs are considered too disparate to achieve parity with a reasonable increase in cost limits. However, the habilitation costs of 15 out of the 20 Level 1 facilities exceeded the current habilitation limit of \$170. This seemed to be an area where an increase in cost limits was warranted. An increase of \$15.50, to \$185.50 from the current limit of \$170, would bring two additional size C, Level 1 facilities up to the 95 percent reimbursement of total allowable costs, meeting the threshold. The total costs of the Level 2 and the Level 3 C-size facilities exceed the 95 percent reimbursement.

In summary, the cost analysis indicated that an increase in the habilitation cost limit for small, Level 1 ICFs/MR from \$170 to \$185.50 would benefit the greatest number of facilities and also meet the threshold of 75 percent facilities reimbursed 95 percent of their allowable costs.

Fiscal Impact

The fiscal impact of this proposed increase in size C habilitation cost center is \$957,284. The breakdown is: \$384,349 state general funds and \$572,934 federal financial participation.

Governmental Ethics Commission

Opinion No. 2001-13

Written July 17, 2001, to Bob L. Corkins, President and Executive Director, Kansas Public Policy Institute, Topeka.

This opinion is in response to your letter of June 11, 2001, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the ethics and lobbying provisions of the state level conflict of interest laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you are asking for this opinion in your capacity as President and Executive Director of the Kansas Public Policy Institute (KPPI). You have explained that the KPPI performs research on public policy issues affecting Kansas. It performs this research from a philosophy in support of free-market principles. You have explained that this philosophy may be labeled as classical liberalism. In addition, the KPPI publicly announces which policy actions by the legislature support or contradict the recommendations of the KPPI's research and the KPPI shares its rationale, pro or con, with the Legislature on any given policy option.

Questions

- I. Does the KPPI have a special interest which triggers the gift limits in K.S.A. 46-237?
- II. Do the actions of the KPPI constitute lobbying pursuant to K.S.A. 46-225?
- III. Must the KPPI register to lobby pursuant to K.S.A. 46-265?

Opinion

With respect to your first question, K.S.A. 46-237, K.S.A. 46-228, and K.S.A. 46-223 apply. K.S.A. 46-237 states in pertinent part:

(a) Except as provided by this section, no state officer . . . shall accept, or agree to accept any (1) economic opportunity, gift, loan, gratuity, special discount, favor, hospitality or service having an aggregate value of \$40 or more in any calendar year . . . from any one person known to have a special interest, under circumstances where such person knows or should know that a major purpose of the donor is to influence such person in the performance of their official duties or prospective official duties.

K.S.A. 46-228 defines "special interest" in the following manner:

"Special interest" means an interest of any person as herein defined (1) concerning action or non-action by the legislature on any legislative matter affecting such person as distinct from affect upon the people of the state as a whole. . . .

K.S.A. 46-223 defines "person" in the following manner:

"Person" means an individual, proprietorship, partnership, limited partnership, association, trust, estate, business trust, group, or corporation, whether or not operated for profit, or a governmental agency unit, or subdivision.

You have stated that the KPPI is a 501(C)(3) not-for-profit organization. This type of group meets the definition of "person" listed above. In addition, you have stated that the KPPI publicly announces which policy actions by the Legislature support or contradict the KPPI's recommendations. Because the KPPI makes particular recommendations and takes an interest in the outcome of policy actions by the Legislature, the KPPI is a "person" with an identifiable interest that is distinct from that of the state as a whole and, consequently, is a person with a special interest. Items given to legislators by persons with special interests are presumed to be given to influence official action. See Opinion 1992-35. Therefore, if the KPPI provides gifts to the members of the Legislature, pursuant to K.S.A. 46-237, the gifts must cost less than \$40.00.

We next turn to your question regarding the definition of lobbying pursuant to K.S.A. 46-225. K.S.A. 46-225 states in pertinent part:

"Lobbying" means: (1) Promoting or opposing in any manner action or nonaction by the legislature on any legislative matter. . . ." (Emphasis added.)

When the KPPI publicly renders recommendations regarding actions of the Legislature and shares its rationale, pro or con with the Legislature, the KPPI is promoting or opposing "in any manner" the action or nonaction of the Legislature. Therefore, the actions of the KPPI may constitute lobbying as defined in K.S.A. 46-225.

Finally, we turn to your question regarding whether the KPPI must register as a lobbyist. K.S.A. 46-222 defines a lobbyist in the following manner:

"Lobbyist" means: (1) Any person employed in considerable degree for lobbying; (2) any person formally appointed as the primary representative of an organization or other person to lobby in person on state-owned or leased property; or (3) any person who makes expenditures in an aggregate amount of \$100 or more, exclusive of personal travel and subsistence expenses, in any calendar year for lobbying. (Emphasis added.)

K.A.R. 19-60-3 provides the definition of expenditure in the following manner:

(c) "Expenditure" means a payment or a contract to pay for:

(1) providing hospitality in the form of recreation, food and beverage to any state officer, state employee or spouse, except bona fide personal or business entertaining;

(2) giving any entertainment, gift, honoraria or payment to any state officer, state employee or spouse, except bona fide personal or business gifts, entertainment, honoraria or payments;

(5) The term expenditure shall not mean a payment or contract which is:

(A) made for the preparation of proposals, position papers and similar documents;

(continued)

- (B) made to employ another to lobby on one's behalf;
- (C) made for personal travel and subsistence of an individual engaged in lobbying;
- (D) reported in compliance with the campaign finance act;
- (E) made in association with any news story, commentary, or editorial distributed in the ordinary course of business by a broadcasting station, newspaper or other periodical publication; or
- (F) made for contributions to membership organizations, associations or similar entities where the funds are used to make expenditures attributable to the entity or its representatives.

Pursuant to K.S.A. 46-222(3), if the KPPI makes expenditures of \$100 or more in any calendar year promoting or opposing in any manner action or nonaction by the Legislature on any legislative matter, the KPPI must register as a lobbyist.

In conclusion, 1) the KPPI is a person with a special interest and, pursuant to K.S.A. 46-237, if the KPPI provides gifts to members of the Legislature, the gifts must cost less than \$40.00; 2) when the KPPI publicly renders recommendations and shares its rationale, pro or con, with the Legislature on any given policy option, the KPPI is promoting or opposing "in any manner" the action or nonaction of the legislature. Therefore, actions of the KPPI may constitute lobbying as defined in K.S.A. 46-225; 3) finally, pursuant to K.S.A. 46-222(3), if the KPPI makes expenditures of \$100 or more in any calendar year promoting or opposing in any manner action or nonaction by the Legislature on any legislative matter, the KPPI must register as a lobbyist.

Opinion No. 2001-14

Written July 17, 2001, to Don Lehman, Linn.

This opinion is in response to your letter of June 22, 2001, in which you request an opinion from the Kansas Governmental Ethics Commission concerning the local conflict of interest law (K.S.A. 75-4301 *et seq.*). We note at the outset that the Commission's jurisdiction concerning your question is limited to the application of K.S.A. 75-4301 *et seq.* Thus, whether some other statutory system, common law theory or agency rule or regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand that you are requesting this opinion in your capacity as the City Superintendent and as a member of the City Council. You have explained that you have been the City Superintendent since 1994. Earlier this year, you were elected to the City Council.

Question

May the City Superintendent also hold the position of City Council member, without violating the local level conflict of interest laws?

Opinion

In your capacity as both a City Council member and as City Superintendent, you are governed by the local level conflict of interest laws found in K.S.A. 75-4301 *et seq.* There is nothing in this body of law which prohibits an individual from holding dual positions within a local

governmental entity. K.S.A. 75-4304, however, prohibits a local official from participating in his capacity as a local official in the making of contracts in which that official has a substantial interest. It states in pertinent part:

- (a) No local governmental officer or employee shall, in the capacity of such an officer or employee, make or participate in the making of a contract with any person or business by which the officer or employee is employed or in whose business the officer or employee has a substantial interest.

- (c) A local governmental officer or employee does not make or participate in the making of a contract if the officer or employee abstains from any action in regard to the contract.

The absolute abstention requirement of K.S.A. 75-4304 is triggered only in situations where the local governmental officer, in his capacity as a governmental officer, makes or participates in the making of a contract with a person or business by which the officer is employed or in which the officer has a substantial interest. Because you clearly have a substantial interest in yourself, you would be prohibited, in your capacity as a City Council member, from being substantially involved in the making of a contract with yourself for the position of City Superintendent. If you, in your capacity as a City Council member, completely abstain from any substantial involvement in such a contract, you will not be in violation of the local level conflict of interest laws.

Opinion No. 2001-15

Written July 17, 2001, to E. J. Reppert, M.D., Medical Director, Lafene Health Center, Kansas State University, Manhattan.

This opinion is in response to your letter of June 15, 2001, in which you request an advisory opinion from the Kansas Governmental Ethics Commission concerning the application of the governmental ethics laws (K.S.A. 46-215 *et seq.*). We note at the outset that the Commission's jurisdiction is limited to the application of K.S.A. 46-215 *et seq.*, and whether some other statutory system, common law theory or agency rule and regulation applies to your inquiry is not covered by this opinion.

Factual Statement

We understand you request this opinion in your capacity as the Medical Director for the Kansas State University Lafene Health Center. You have explained that pharmaceutical representatives occasionally offer to buy doctors dinner during the course of which the representative tells the doctor about the pharmaceutical company's products. In addition, the representatives occasionally offer the doctors gifts as compensation for the time spent listening to their presentations. If the doctors are not permitted to accept the free meals and gifts, you question whether the doctors could ask these representatives for cash donations to your health center in exchange for the time spent listening to their presentations. The donations would be used for the purchase of medical educational materials which would be the property of the health center and would be available to all professional staff.

Questions

- I. May an employee of the Kansas State University Lafene Health Center accept a gift from a pharmaceutical representative?
- II. May an employee of the Kansas State University Lafene Health Center accept a meal from a pharmaceutical representative?
- III. May an employee of the Kansas State University Lafene Health Center solicit a donation for the Health Center from a pharmaceutical representative?

Opinion

In response to your first question, K.S.A. 46-237a(b) applies. It states:

No person subject to the provisions of this section shall solicit or accept any gift, economic opportunity, loan, gratuity, special discount or service provided because of such person's official position, except:

- (1) A gift having an aggregate value of less than \$40 given at a ceremony or public function where the person is accepting the gift in such person's official capacity; or
- (2) gifts from relatives or gifts from personal friends when it is obvious to the person that the gift is not being given because of the person's official position; or
- (3) anything of value received by the person on behalf of the state that inures to the benefit of the state or that becomes the property of the state; or
- (4) contributions solicited on behalf of a nonprofit organization which is exempt from taxation under paragraph (3) of subsection (c) of section 501 of the internal revenue code of 1986, as amended.

Pursuant to this section, state employees are entirely prohibited from accepting gifts unless one of the four enumerated exceptions applies. Based upon the factual scenario you have described, there are no exceptions that would allow the employee to accept the gift in his or her personal capacity. If this unsolicited gift, however, was given to and accepted by the employee on behalf of the University and became the property of the University, the third exception would apply and the University could accept the gift. (K.S.A. 46-237(c) would prohibit an entity which is licensed, inspected, or regulated by the agency from providing gifts having an aggregate value of \$40 or more in any calendar year to such agency and K.S.A. 46-235 would prohibit the employee from accepting gifts as compensation for the performance of state duties.)

With respect to the second question, K.S.A. 46-237a(c) applies. It states:

No person subject to the provisions of this section shall solicit or accept free or special discount meals from a source outside of state government, except:

- (1) Meals, the provision of which is motivated by a personal or family relationship or provided at events that are widely attended. An occasion is "widely attended" when it is obvious to the person accepting the meal that the reason for providing the meal is not a pretext for exclusive or nearly exclusive access to the person;
- (2) meals provided at public events in which the person is attending in an official capacity;
- (3) meals provided to a person subject to this act when it is obvious such meals are not being provided because of the person's official position; and

- (4) food such as soft drinks, coffee or snack foods not offered as part of a meal.

Pursuant to this section, state employees are entirely prohibited from accepting free or discounted meals unless one of the four enumerated exceptions applies. Under the factual situation you have provided, the doctor would not be able to accept the free meal. It should be noted, however, that the doctor could consume the meal and listen to the presentation, but he or she must pay to the host, the fair market value of the meal consumed.

Finally, with respect to your third question, both K.S.A. 46-237a and K.S.A. 46-236 apply. Although K.S.A. 237a(b)(3) would appear to allow the solicitation you have inquired about, K.S.A. 46-236 is a more specific statute and therefore controls the outcome of this question. K.S.A. 46-236, states in pertinent part:

No state officer or employee . . . shall solicit any economic opportunity, [or] gift . . . from any person known to have a special interest, under circumstances where such officer [or] employee . . . knows or should know that a major purpose of the donor in granting the same could be to influence the performance of the official duties or prospective official duties of such officer [or] employee. . . .

K.S.A. 46-228 defines "special interest" in the following manner:

"Special interest" means an interest of any person . . . in the action or non-action of any state agency or state officer or employee upon any matter affecting such person as distinct from affect upon the people of the state as a whole.

Pursuant to this statute the doctors may not solicit any economic opportunity, gift, special discount, etc., from any person known to have a special interest in the doctor or the agency, when the doctor knows or should know that a major purpose of the donor in granting the gift could be to influence the performance of the doctor's official duties. Because the pharmaceutical representatives are attempting to sell the doctor or the agency a product, they have a "special interest" in the doctor and the agency and could be trying to influence the performance of the doctor's official duties. Consequently, pursuant to K.S.A. 46-236, the doctor may not solicit gifts from pharmaceutical representatives even though the gift would become the property of the State.

In conclusion, 1) pursuant to K.S.A. 46-237a(b), the doctors are prohibited from accepting gifts given to them in their personal capacities. They may, however, accept unsolicited gifts given to and accepted on behalf of the agency which become the property of the agency; 2) pursuant to K.S.A. 46-237a(c), the doctors may not accept free or discounted meals, although they could consume the meal and listen to the presentation, but he or she must pay to the host, the fair market value of the meal consumed; 3) finally, pursuant to K.S.A. 46-236, the doctors may not solicit gifts from the pharmaceutical representatives even though the gift would become the property of the State.

Department of Revenue

Notice of Hearing on Proposed
Administrative Regulations

A public hearing will be conducted by the Department of Revenue at 2 p.m. Thursday, November 8, in the ABC conference room of the Docking State Office Building, 915 S.W. Harrison, Topeka, to consider the adoption of amendments to one regulation pertaining to bond requirements for liquor licensees or applicants. To participate in the public hearing, individuals must first check in at the Taxpayer Assistance Center, Kansas Department of Revenue, on the first floor of the Docking State Office Building.

This 60-day notice of the public hearing shall constitute a public comment period for the purpose of receiving written public comments on the proposed regulation. All interested parties may submit written public comments on the proposed regulation prior to the hearing to Kathleen Smith, Tax Specialist, Office of Policy and Research, Room 230, Docking State Office Building, 915 S.W. Harrison, Topeka, 66625.

All interested parties will be given a reasonable opportunity to present their views, either orally or in writing or both, concerning the adoption of the proposed regulation. In order to give all parties an opportunity to present their views, it may be necessary to request that each participant limit any oral presentation to five minutes.

Any individual with a disability may request accommodation in order to participate in the public hearing and may request the proposed regulation and economic impact statement in an accessible format. Requests for accommodation should be made at least five working days in advance of the hearing by contacting the Division of Alcoholic Beverage Control at (785) 296-7015 or TTY (785) 296-6461. Disabled parking is located in State Parking Lot No. 2, south of the Docking Building facing Harrison Street. The north, south and east entrances to the Docking Building are accessible.

The regulation is proposed for adoption on a permanent basis. A summary of the proposed regulation and the economic impact follows:

Article 24.—RETAIL LIQUOR EXCISE TAX

K.A.R. 92-24-23. Bond. This regulation describes the bond requirements for liquor licensees or applicants. The proposed amendment would allow a licensee who has been compliant with K.S.A. 79-41a01, for a minimum of 24 months, to request a waiver of the bond requirement. If, after the bond is released, and the licensee becomes delinquent, a bond would be required for any subsequent renewal of the license.

Economic Impact: This change will not result in any additional revenue to the department. No economic impact on other government agencies is anticipated. Insurance companies that provide surety bonds to licensees may see a slight negative impact as compliant licensees cancel bonds with these companies. Compliant licensees will see a positive impact as they will not be required to tie up funds with escrow or cash bonds or pay premiums on a surety bond.

A copy of the regulation and the economic impact statement may be obtained from the Kansas Department of Revenue, Office of Policy and Research, at the address above.
